5	National Foundation of India	Food processing	UK	516	-
6		Total		1652	240

The organization has license on “**Food processing & Training Center**” supported by Ministry of Food Processing Industries , GOI. This Institute has the facilities to provide diploma & certificate course may be for one year or 03-06 months respectively, prioritizing of SC, ST & OBC, PwD, women and minorities.

3. Fishery, Poultry, Piggery & goatry:-

The NGO has developed a design for poultry cum fishery nourished by kitchen and house hold wastes as depicted in the diagram given below, which is eco- friendly and highly productive.

It was observed by the organization that fishery & poultry farming can be done together as the wastes of kitchen & bathroom can be used in fishery tank while, the wastage of poultry can be used as feed of fish, moreover , the remains of fish body (after human consumption) can also be used for feeding to poultry and thus saving upto 70% of fish feed. This activity has attracted many communities to boost-up their economy and showed interest to replicate this design in their premises. The sewage overflow from tank could be used for kitchen gardening.

S.No	Particulars of donors	Activities	Location	Beneficiaries	Placed
i)	a) Bhumi Sanraksan Van Prabhag	Fishery Training	Ramnagar	275	-
	b) Dept. of Horticulture	Training	UK	62	-
